Elisa Bridges' (above) sudden death last year left all of us saddened. Although eight years had passed since her Centerfold appearance, fans chose her for a fifth top 20 nomination only months before she died.

Katalina Verdin (top) may be small in size (only 5'4"), but she packs a big punch as an SE model. Her sultry, exotic looks earned her legions of fans as well as repeat appearances in the Readers' Choice top 20 and multiple SE issues, plus a *BOL* cover spot. Petra Verkaik (above) is one of the most published models in Playboy history. She still makes the rounds in the glamour entertainment industry, signing autographs as Miss December '89 and as the '97 SE *Lingerie* Model of the Year. If fetish is more your chassis style,
